

## ***For Immediate Release***

---

### **Finger Lakes ReUse offers reduced price computers for low-income applicants**

**Ithaca, May 13, 2013**

Finger Lakes ReUse eCenter offers a reduced price computer program for qualified candidates. Through this program, candidates may be eligible for reduced price computers which come equipped with a keyboard, mouse, CRT monitor (if desired), video cable and power cables. If interested in qualifying for this program, please contact the ReUse Center at 607-257-9699.

The eCenter also offers computer servicing and repair at reasonable rates. We offer diagnostics up to half an hour for a low bench-fee that can then be deducted from any labor charges for the repair. No billable work will be done until diagnostics have been reviewed and the customer approves our estimate. Our number one goal is to keep your computer working, useful, and out of the landfill!

**We service both laptops and desktops; Mac, Linux, and Windows. Services include:**

- Virus removal
- Tune-up/clean-up
- Hard drive replacement
- Booting issues
- Laptop screen replacement
- Power supply and adapter testing/replacements
- Hard drive sanitizing
- Data recovery and transfer from legacy media, including 5-1/4" floppy disks and zip disks

Our typical turnaround times are 1-2 days for diagnostics and another 1-2 days for repair, given that the necessary parts are on hand. Computer servicing is done on weekdays, but weekend drop off hours are available. Hablamos español.

Visit us online at [www.fingerlakesreuse.org](http://www.fingerlakesreuse.org) or call (607) 257-9699 for more info.

**Community. Economy. Environment.**
