### **About Finger Lakes ReUse**

Finger Lake Reuse (FLR) reduces waste, relieves poverty, and teaches marketable job skills through reuse activities. FLR operates the ReUse Center (furniture, housewares, building materials, refurbished computers & electronics) at Triphammer Marketplace, offers affordable computer repair, virus removal, data transfer, and back up services, deconstruction & salvage services, the ReSET job-training program, and hosts the Ithaca Fixers Collective. We transform material waste into community wealth, creating living wage jobs, and providing skilled job training opportunities for underserved and underemployed people throughout Tompkins County.
