

ReUse Materials Access Program (ReMAP)

Information for Recipients

The ReUse Materials Access Program (ReMAP) supports community members in need by providing them with a ReUse gift card.

How to receive support through ReMAP:

To qualify for a gift card through ReMAP, you must receive a referral from a human service agency/organization:

- ReUse is open to working with any service agency in the area. We are already partnered with over 40 local human service agencies.
- If the agency you work with is not aware of this program, please refer them to ithacareuse.org/remap or they can inquire at remap@fingerlakesreuse.org.
- If you don't know which agency to work with, we recommend that you dial 2-1-1 to talk to a volunteer hotline to help you find the agency for your needs

Important information about ReMAP:

- Gift cards are valid for 90 days and cannot be used after the date of expiration.
- Each gift card comes with a **free delivery** through ReMAP. Delivery services are ground-level only. Our transport team will reach out to schedule a delivery time, and the recipient must be present at the scheduled time.
- In order to support as many community members as possible, we can only issue **one gift card per individual per calendar year**.
- **Gift Cards can be used at both of our shopping locations:**
 - The Ithaca ReUse Center (214 Elmira Rd – TCAT bus route #15) has furniture, building materials, appliances, household goods, and household electronics.
 - Cayuga ReUse Center (2309 N. Triphammer Rd. – TCAT bus route #30) has clothing, textiles, household goods, furniture, electronics, appliances, books and media, and computers/laptops.
- **Your gift card has no restrictions** - you can use it on anything you'd like to purchase in our stores, including household items, furniture, electronics, building materials and clothes. Please keep in mind our color tag discounts – the items you look at may be cheaper than what is listed on the sticker!
 - Note: FLR does NOT sell mattresses or boxsprings, although we sell bedframes and occasionally futons.
- Gift cards can be shared with friends/family members if it is helpful to have someone shop on your behalf, although we ask that you be careful with who gift card information is shared with, in order to prevent gift card misuse.
